1 SETTING INFORMATION

Vision and Values

Ark Evelyn Grace Academy is an inclusive school where all students are made to feel welcome and valued. Our Academy vision sets out to ensure that all students enjoy high quality learning experiences through which they are able to achieve their full potential irrelevant of their needs. Our inclusive ethos aims to encourage all students to be actively involved in their own learning. This involves valuing all students and staff equally and reducing barriers to learning and participation. EGA aims to provide a rigorous and transformational education that prepares students for success at university and beyond.

Ark Evelyn Grace Academy is an inclusive mainstream school with a diverse school population. Students have a range of special educational needs and disabilities, for whom reasonable adjustments are made to ensure they are fully immersed in the whole school experience.

Consultation to inform Audit/Action Plan: School staff, governors and support services

Consultation with stakeholders is an ongoing process, involving both formal and informal procedures. Regular reviews take place with support services to evaluate needs and provisions.

Views of Parents

Parental views are formally solicited at termly meetings. Parents are also encouraged to arrange to see staff if they have particular concerns (or complaints). Several members of staff are employed specifically because they speak community languages. Amongst our staff we have Spanish, Portuguese, Italian, Mandarin, Bengali and Urdu and there are available to translate during parents meetings.

Views of Children and Young People

Pupils are regularly consulted, including through personal reviews and student voice polling. Pupils with Education Health Care Plan (EHCP) are also consulted during their annual review and their views are formally recorded in relevant documents.

2 PURPOSE

Ark Evelyn Grace Academy is committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion. We aim to as far as possible to remove those barriers which make it hard for a person who has difficulties with:

- Physical Co-ordination
- Mobility
- Continence
- Ability to lift, carry or move heavy objects
- Speech, hearing or vision
- Memory or ability to learn, concentrate or understand
- Perceiving risk of physical danger

All pupils should be able to take part in the day-to-day life our the school and benefit from the learning experiences we provide

Overall, this accessibility plan will contain relevant actions to:

- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and

physical aids to access education.

- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If the school fails to do this, they are in breach of the Equality Act). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum. We endeavour to ensure that under no circumstances will a student be refused access to a school trip on the grounds of their disability.
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities including where relevant, translation into community languages.

Examples might include hand-outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

An Action Plan is attached in section 5 which relate to the three key aspects of accessibility. This plans will be reviewed and adjusted on an annual basis and or when appropriate. A new Accessibility Plan will be drawn up every three years.

We acknowledge that it is necessary to raise awareness of issues related to accessibility and to provide appropriate training for staff and governors in the matter of disability discrimination.

This Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- Curriculum
- Teaching and Learning
- Equal Opportunities
- Health and Safety Policy
- Special Educational Needs Policy
- Staff and Professional Development Policy
- Behaviour Management Policy
- Emergency Evacuation Procedures
- School Improvement Plan
- Supporting Students with Medical Conditions Policy

Information from pupil data and school audit

The latest information regarding the number of pupils with special educational needs and disability for EGA can be found in the SEN Register which is accessible to key members of staff at EGA.

Views of those who are to be consulted during the development, monitoring and reviewing of the Accessibility Plan:

The views of all stakeholders including external agencies, pupils and their parent/carers will be sought through regular meetings which are held as part of the on-going support given by EGA to its students and staff.

The main priorities in EGA's plan are as follows:

Increasing the extent to which disabled pupils can participate in the school curriculum

EGA will endeavour to provide suitable access to a range of curriculum opportunities.

Devise actions

Set Goals and Targets

Consult on plan

Implementation

Evaluate the plan

4 SUMMARY

We will:

- Continue to review the environment of the school, the way we plan, prepare and deliver the curriculum, the information we provide for pupils so that we can improve access for both individuals and groups
- Provide an atmosphere where all staff and pupils feel safe and valued
- We will achieve this by promoting understanding of disability and work towards presenting a positive role model of people with a disability. Our focus will be to avoid stereotypes and use language which emphasises the person rather than the disability
- Review those parts of our extra-curricular activities which may have limited access for pupils with a disability and to provide a solution to enable us to provide learning
